Index
Volume 9, Issues 1–4
March 2000 – December 2000

SUBJECT INDEX

Adoption 295
Alignment 265
Artificial intelligence 107

Bourdieu 193
Business capabilities 39

Case study 295
Cognitive congruence 213
Competitive advantage 265
Competitive intelligence 5, 193
Competitiveness 63
Confirmatory factor analysis 265
Constant et al.'s theory 129

Defensive intelligence 5
Delphi method 235

Efficient Consumer Response 295
Electronic commerce 295
Electronic communities 155
Electronic media 129
Ethnography 193

Influences 235
Information compromise 5
Information systems strategy 63
Information technology 85
Interorganizational system 295
Investment management process 39
IT alignment 17
IT efficiency 17
IT flexibility 17
IT infrastructure 85
IT infrastructure investments 39
IT investment 85
IT investment priority grid 17
IT outsourcing 321
IT strategies 85

Knowledge 235
Knowledge management 107, 213, 235
Knowledge management episode 235
Knowledge management practices 155
Knowledge management systems 175
Knowledge maps 175

Neural networks 107

People participation 155
Port operations 85

Quality function deployment 17

Real options 39
Relational contract theory and social exchange theory 321
Relationship scripts 213
Relationships 321
Requisite variety 175

Schema 213
Small and medium sized enterprises 63
Strategic information systems planning 265
Structural equation modeling 265

Task interdependence 129
Theory of practice 193

AUTHOR INDEX

Balasubramanian, P, Kulatilaka, N and Storck, J Managing information technology investments using a real-options approach 39
Boland Jr., R J see Schultze U

Cho, S H see Kim, S H

Ettkin, L P see Helms, M M

PII: S0963-8687(01)00035-X
PII: S0963-8687(01)00036-1

Faraj, S see McLure Wasko, M
Fowler, A The role of AI-based technology in support of the knowledge management value activity cycle 107

Galliers, B Editorial 263
Galliers, R D Editorial 1
Gray, P H The effects of knowledge management systems on emergent teams: towards a research model 175

Helms, M M, Ettkin, L P and Morris, D J Viewpoint: The Risk of Information Compromise and Approaches to Prevention 5
Holsapple, C W and Joshi, K D An investigation of factors that influence the management of knowledge in organizations 235

Jang, D H see Kim, S H
Jarvenpaa, S Editorial 1, 263
Jarvenpaa, S L and Staples, D S The use of collaborative electronic media for information sharing: an exploratory study of determinants 129
Johnston, R B see Kurnia, S
Joshi, K D see Holsapple, C W

Kearns, G S and Lederer, A L The effect of strategic alignment on the use of IS-based resources for competitive advantage 265
Kern, T and Willcocks, L Exploring information technology outsourcing relationships: theory and practice 321
Kim, S H, Jang D H, Lee, D H and Cho, S H A methodology of constructing a decision path for IT investment 17

Kulatilaka, N see Balasubramanian, P
Kurnia, S and Johnston, R B The need for a processual view of inter-organizational systems adoption 295

Lederer, A L see Kearns, G S
Lee, D H see Kim, S H
Lee-Partridge, J E, Teo, T S H and Lim, V K G Information technology management: the case of the Port of Singapore Authority 85
Leidner, D Editorial 101
Levy, M and Powell, P Information systems strategy for small and medium sized enterprises: an organisational perspective 63
Lim, V K G see Lee-Partridge, J E

McLure Wasko, M and Faraj, S "It is what one does": why people participate and help others in electronic communities of practice 155
Merali, Y Individual and collective congruence in the knowledge management process 213
Morris, D J see Helms, M M

Powell, P see Levy, M

Schultze, U and Boland Jr., R J Knowledge management technology and the reproduction of knowledge work practices 193
Staples, D S see Jarvenpaa, S L
Storck, J see Balasubramanian, P

Teo, T S H see Lee-Partridge, J E

Willcocks, L see Kern, T
